Editor's note: George Vierhus is on vacation. Guest columnist this week is Norman Paul, president of the Chamber of Commerce and a member of the Campbell Planning Commission.

by Norman Paul

ONE OF THE MOST SUCcessful comedians of our day is Henny Youngman, undisputed "King of the One-Liners." His record of laughs per minute far exceeds any other man or woman who depends on chuckles to pay the rent.

The thought occurs that violin toting Henny has a lesson for most of us. Without benefit of a string of academic letters he has given us some understanding as to the advisability of reducing clutter in our language, which complicates understanding and hampers our ability to get the job done.

"The Lord's Prayer," Lincoln's Gettysburg Address," and General MacAuliffe's "Nuts," in reply to a World War II surrender demand, are three unrelated but classic examples of how a minimum number of words - sincerely spoken - can say all that need be said.

-0-

I'LL BE THE FIRST TO admit there is a motive in my momentary defense of brevity.

When George Vierhus asked me to throttle his typewriter this week you might well imagine my ego had cause to swell to near bursting proportions. The "power of the press" is legend in our time and the opportunity to "tell it all as I see it all" is a temptation second only to that which befell Adam.

I suspect George sensed this because he was quick to add to his generous invitation a rather strict limitation to my journalistic efforts.

"Uncle" George did not say, "Keep it short." He merely said, "You have a thousand words."

That seems reasonable enough. After all, that allows one to begin and end with "nuts" and have 998 words in between.

The point is, however, try as we may it is not always possible to reduce a problem and its ultimate solution to a word or even a few paragraphs.

The only way it is possible to be brief is if the writer and the reader have a common point of reference. In the case of a war where choices are simple - win or lose, kill or be killed - there is neither time nor inclination to reply in anything more than four letter words.

"Nuts" is one more generally acceptable.

"Kids" is another widely acceptable four letter word. More actions are taken in the name of "kids" than any other group in society. If there is one word that really turns people on it is "kids".

By the same token - if there is one argument that turns me off and starts me digging for FACTS it is when someone justifies his stand by saying, "We've got to do it for the kids."

The implication of that kind of statement is clear.

-0-

WHEN ONE CHALlenges the self-proclaimed defender of "kids" one suddenly becomes Oliver Twist's Fagan, Annie Rooney's Mrs. Meany and those countless villains who have for years been in hot pursuit of Little Orphan Annie.

Is it any wonder that "We've got to do it for the kids" has become a rather all-inclusive, common-place argument for many - on any side - of the still simmering local school controversy?

Edna Smith honored by city, church, club

It was a surprised and pleased Edna Smith who accepted city-wide tribute Monday, when the Country Woman's Club of Campbell held a special "Edna Smith" program.

Mrs. Smith, who is 94, was publisher of the Campbell Press, along with her late husband, Harry C. Smith, for 33 years.

The Smiths came to Campbell in 1912 and after Smith's death in 1937, Mrs. Smith continued to operate the Press for ten years.

Present for the festivities were her daughter, Mrs. Wilma Krohn of San Francisco, Dr. Corwin Olds, pastor emeritus of the Congregational Church of Campbell, and Rev. Anthony Wayne Myers, current pastor of that church.

Mrs. Dorothy Trevethan, city clerk of Campbell, presented a proclamation issued by the city council, designating Monday as "Edna Smith Day." A dozen roses accompanied the presentation.

Also presented to Mrs. Smith was a plaque designed by Julie Nelson, daughter of Mr. and Mrs. Eldred Nelson, which had drawings of the first Congregational Church (later the City Hall) and the Country Woman's Club. The plaque was presented by Mrs. Ralph Hyde, also a long-time member of the club. Mrs. Smith was club president from 1932 to 1935.

Reminisces were given by Mrs. W. R. Morgan, who had worked with Mrs. Smith at the Congregational Church.

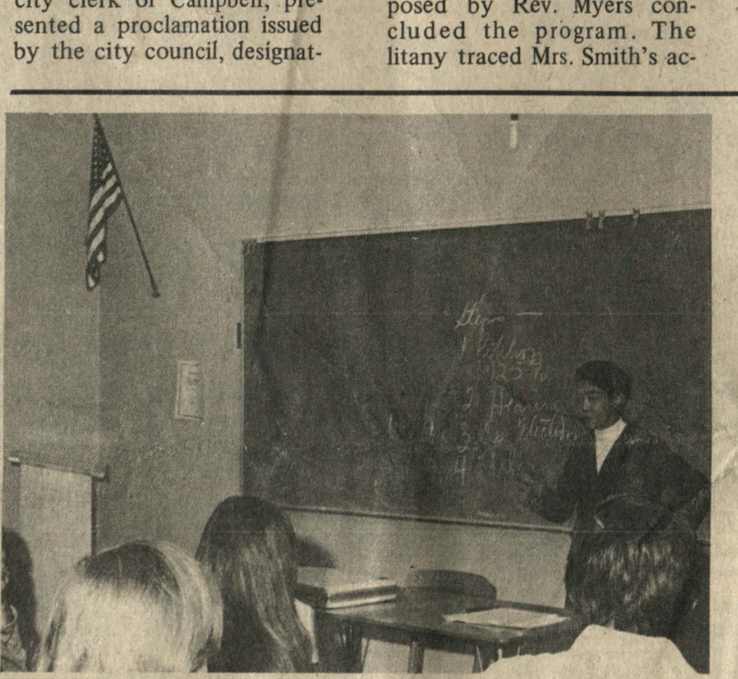
Musical selections from the thirties through modern day were presented by Mrs. Jackie Mielke, on piano and guitar.

An unusual litany composed by Rev. Myers concluded the program. The litany traced Mrs. Smith's activities throughout the community.

Presiding over the program was Mrs. Courtland Watson, who also composed a poem for the occasion.

Other committee members included Mrs. Eldred Nelson, Mrs. Peter Yerkovich, Mrs. Homer Hyde, Mrs. Glenn DuBois and Mrs. Ralph Hyde.

PRESENTS PLAQUE---Mrs. Dorothy Trevethan, Campbell City Clerk, presents Mrs. Edna Smith a resolution made by the Campbell City Council proclaiming Monday as "Edna Smith Day".



ABOUT ELECTIONS---Students in political science classes of Mrs. Gloria Hom at West Valley College have been doing some research on a local election lately--namely that which will elect a new trustee to the college's board. The students have studied the candidates, held mock elections, and studied the entire election process. Many of them are eligible to vote in the election which will be held Tuesday, Oct. 25. Candidates are Frank A. Atcheson, Jerry W. Bartholow, Don R. Carlson, Kenneth V. Crawford, Gary W. DeRosa, Walter R. Gambell, William H. "Ben" Gould, Eugene Huston, Robert "Leo" Kramer, Stephen L. Millich, James S. Niles, Jr., Ernest J. Paramo, James A. Patrick, Charles Pillers, James H. Towers, Jr., and Frederic A. Weed.

Furniture store gets approval

Campbell Planning Commission Monday night denied a zone change application by J. L. Eichler Association for parcels of property at 540 and 560 West Latimer Avenue.

The property in question had been changed from R-1-S to R-2-S in 1968. In May of 1969, the commission approved plans for a 164 unit residential complex, but earlier this year Eichler requested a P-D zone change which was granted. The application to change the zone back to R-2-S was denied.

Also denied was the application of Patricia Fletscher for approval of a basement storage area inside a commercial building proposed for 1610 LaPradera in a C-1-S zone.

Architectural approval was given to Federated Department Store for a 157,000 square foot retail furniture store, including 91,400 square feet of merchandise storage, at 600 E. Hamilton Ave.

John F. Font withdrew his application for approval of plans to convert an existing residence at 106 E. Campbell Ave. to professional office use.

The application of Vita Agriesti for approval of a six-unit apartment house at 892 Michael Dr. was continued until Nov. 1 and he withdrew his application for approval of a 16-unit apartment at 880 and 890 E. Campbell Ave.

Frank Dorsa's public hearing for approval of a use permit to expand an existing car wash at 981 E. Hamilton Ave. was approved.

Three public hearings were set by the commission including a public hearing for review and updating of the General Plan. This hearing was set for Tuesday, Nov. 23.

Other hearings will be held Nov. 15, one for prezoning of property being annexed to the city at 820 and 806 San Tomas Aquino Road and 1192 Hazel Ave., known as Lovell 1971-1.

The second is for property at 115, 131, 153, 175, 185, 205, 122, 150 and 166 Shelley Ave. known as White Oaks 1971-17.

Board will meet tonight to consider wage-price freeze

Campbell Union School District Board of Trustees' last Thursday night denied a proposal by James D'Avis, acting superintendent, that the board give financial support to county counsel who journeyed to Washington, D.C. on behalf of all school districts in the county to discuss the inequities of the wage-price freeze through the office of Emergency Preparedness.

The vote on the proposal was two-two with one abstention.

Also on the agenda was the reading of a letter and an oral presentation by Gordon Abbott, questioning why the school district paid to have a lot owned by them on Allendale Avenue cleared of trees. Abbott stated that a contract was in effect which made the man who was leasing the property responsible for its maintenance.

Lynne Olivieri, representing the West Valley Federation of Teachers, informed the board that a suit had been filed against the district by the California Federation of Teachers in District Court in

Applicants sought for youth advisory commission

Applications are currently being accepted for vacancies on the Campbell Youth Advisory Commission, an official city commission set up by the City Council two years ago.

The commission represents young people in city government and initiating youth oriented programs and have been involved in a wide variety of projects in the two years, such as a city wide youth conference, dance concert and candy sale which raised $2,500 for the John Morgan Fund, and the publishing of a booklet concerning rights and responsibilities of minors.

The commission members have indicated they want to become involved in more activities next year with an emphasis on recreation, local government classes in schools, establishment of a teen drop-in center, and bicycle programs to establish trails and to combat the increasing theft problem.

Membership requirements are that the applicant be between the ages of 13-21 and be a resident of Campbell, as well as a willingness to work, contribute ideas and time to help meet the problems that young people face in Campbell.

Interested applicants should call 378-8141. Deadline for applications is Nov. 1.

An application form is printed elsewhere in this paper.

Vote for Ben

The Campbell Press enthusiastically endorses the Rev. William H. (Ben) Gould for trustee of the West Valley Community College board and urges you to cast your vote for him in the special election on Tuesday, Oct. 26.

The special election has been called to fill the vacancy created by the untimely death of Bill Homan, one of the two board members representing the Campbell Union High School District.

The West Valley Community College District encompasses three high school districts (Campbell, Los Gatos-Saratoga and Santa Clara). Board members are elected from specified areas.

Thus Homan's successor must reside in the Campbell Union High School District.

There are 16 candidates for the one board position that is open.

Most of the candidates reside in the southern part of the district.

In fact eight of the candidates live south of Foxworthy.

But geographical location aside, it is the considered opinion of this newspaper that Ben Gould offers the highest qualifications of any candidate in the field.

The Rev. Gould has been pastor of Campbell's First United Methodist Church for 10 years. During those 10 years not only has he been the spiritual director of his church, but he has established an unprecedented record of community achievement.

He has long been a leader in youth activities in the community, but in addition, he has been one of the hardest workers for any civic project that has benefitted his community.

We sincerely believe that he will devote the same boundless energy as a member of the governing board of West Valley College.

His activities in the community life are a matter of record. There is no need to "prove" how valuable he has been to the area to which he has given so unstintingly of his time during the past 10 years.

He was honored in 1969 by being named "Citizen-of-the-Year" for Campbell. At the time of the award a list of his activities was cited. It was impressive.

And that was two years ago. He has not slackened his pace since then.

For four successive years he has served as chairman of the successful "Congress for Community Progress" from which has developed the guidelines for attaining the objectives of this community.

Probably one of Ben's achievements that has given him the most satisfaction, but is less known than many others is his activity during the Christmas season with the cooperation of the Kiwanis Club.

It has been a tradition now for many years that Ben is "given" one Kiwanis Club meeting prior to the Christmas season to raise funds for the Christmas basket project for the needy.

With Ben at the controls of that annual meeting, it is an unforgettable experience for all in attendance. Good humor predominates as Ben conducts the "program." And the money that is raised each year in this manner for "Ben's Christmas project" is almost unbelievable.

But we only cite that activity to show his sincerity and his versatility.

The Rev. Gould has proven by his actions in this community that he works for what he believes.

In his statement of candidacy, the Rev. Gould emphasizes that he will use his experience to achieve the highest possible quality in a continuing program for West Valley Community College that successfully meets the needs of students and citizens.

He adds that there is an urgent need to meet the demand for vocational, professional and sociological needs of West Valley constituents with emphasis on courses to prepare students to become self-supporting and contributing citizens of the community.

The committee sponsoring Ben Gould's candidacy presents a cross-section of educational and community leaders. Larry Hill, retired high school district superintendent and Norm Paul, president of the Campbell Chamber of Commerce, are co-chairmen.

Other members include Mac Martinez and Frank Bonnano, high school board members; Dr. Robert King, Campbell Union (elementary) School District board member; Homer Hyde, former Campbell mayor and L. E. (Bill) Means, druggist and former school board member.

We join them in urging you to vote for Ben next Tuesday, Oct. 26.

MORE ABOUT

understanding--to get the job done--let me suggest that the situation demands more than a slogan more appropriate to another time and place. It pleads for responsible action on the part of all who have anything to do with the school system.

Until the rules of the game are changed--that means ALL of us.

It is only natural to think that because kids are the largest single group of individuals more directly associated with our schools they should be given consideration of the highest priority.

There are others.

-0-

There are teachers. A teacher sees a child for more hours a week than any other individual--including mother. As a professional it is logical to expect "teacher input" to be an integral part of developing a sound educational program. It is not the only input.

There are parents. While their attendance record with the child might be relegated to a third or fourth place, parents are the only individuals society considers to be solely responsible for the welfare of the child.

Society may rule what the home MUST provide. Only the parent will determine what the home WILL provide. "Parent input" is an integral part of developing a sound educational program. Parents and teachers, however, cannot be the sole providers of input.

There is the community. You may draw the boundaries for that as far as law will allow, the eye can see, or as reality tells us it must be. At this point in time let us say the community refers to those who reside within the elementary school district.

One would like to believe that when speaking of total community one is speaking of total concern of what "kids" REALLY mean.

A few months ago some 80% of the community said "KIDS DON'T MEAN A THING."

In elections before that--and there have been so many--about the same number of people said, "KIDS DON'T MEAN A THING."

Of course elections are not the only way a community may show concern. Consider the annual candy sale.

Better yet....let us not consider it at all.

Let us consider that the only way a community will show concern is when it is recognized for its importance in the decision making process of good schools.

If a school district--which by its very nature is so close to the people--misjudges the aspirations of a community who is to blame?

Kids, because they are kids, must be absolved.

Teachers, for reasons this writer has yet to explain, are close to being absolved.

Parents for reasons parents usually use to absolve themselves in other situations must certainly be absolved.

Who remains?

Administrators and trustees.

-0-

If there is shock among you just remember the words of the wisest men I ever knew. When things had to be done--when it was clear that playtime was over--he merely said, "You asked for work when you came here."

Administrators -- trustees -- there is WORK to be done.

If there is some question as to what work must be done this is the time to suggest that COMMUNITY GOALS FOR EDUCATION might be as important a step to take as the development of goals for any other instrument of our society.

Is that the solution?

No.

Is it a start?

I would hope so. We will never really know until we really try.

Shall we try?

I'm ready, how about you?

Can we solve it all by saying, "Nuts"?

Holiday forces meeting change for council

Campbell's City Council will again have a Tuesday night meeting because of the holiday (Veterans) on October 25.

The council will meet Tuesday, October 26, to consider three applications for live entertainment from the Bodega, the Tia Maria and the Tiki Ho.

Also on the agenda is an ordinance which would amend the building code with regard to fire extinguisher systems in commercial and industrial buildings in line with other cities.

A proposed ordinance, drafted at the direction of the council by City Attorney Robert Dempster, will be discussed regarding restrictions on the circulation of handbills throughout the city.

Six ordinances are up for final adoption regarding zoning, personnel and business licenses.

During the meeting the council will suspend activities to meet as the Redevelopment Agency.

A public hearing on revised plans for an industrial building on Dillon Avenue is scheduled.

The administration will recommend that the city consider disposition of surplus office equipment by putting items not in use out for bid.

A report is slated to be given by the Parks and Recreation Commission.

San Francisco. She explained that Campbell Union District was picked as target for the suit, which is in behalf of the teachers. The suit is said to be for wages which the district has withheld in accordance with the wage-price freeze.

She also requested the district to set up a trust account and place in it the amounts which teachers would have received as part of normal increases granted by the board prior to the freeze.

Herb Wadley, representing the Campbell Elementary Teachers' Association, suggested that CETA would help underwrite a fine if the school district challenged the President's order and paid the salaries as scheduled.

Response was made by Dr Robert King, trustee, that the action would be unlawful and also that the fine was not merely $5000, but $5000 PER employee.

Fred Peterson, administrative assistant, reported that enrollment in the district was down 547 students from this period last year. On Oct. 8, the enrollment was 10,586. Class sizes, Peterson also reported, were less than a year ago.

The board also voted to deny claims by Neal Royer, former district superintendent, for damages, breach of contract and other liabilities. Not voting was Dr. King, who stated that he was not a member of the school board when the action from which the suits resulted was taken.

No report was given by the tax election committee, but the school board will meet again tonight (Wednesday) at 7:30 to discuss the wage-price freeze.

Captain Larry Kelly will serve as auctioneer at the city's corporation yard at the end of Dillon Ave. All proceeds from the auction go to the city's budget for next year.

Kelly said Campbell police auction off goods about once every 90 days. Other articles up for grabs include motorcycle carburetors, suitcases, a bowling ball and plaid bowling case, a plum hatchet, an IBM typewriter, and a weight reducing machine.

Letters to the Editor

CITY PRIDE

Dear Editor:

City pride? Where, oh where is it here in Campbell?

When I bought my home on N. Carlyn Ave. 15 years ago the avenue was a thing of beauty and everyone took so much pride in their property.

Today we have a $1,000,000 plus new City Hall. Alas, look at our streets!

We had a resurfacing job done a few weeks ago. The tarry substance was thrown on the sidewalks, up on my lawn 2 ft., the curbing is a filthy sight. We gave boys the opportunity to earn money by putting our house numbers along the curb, they are covered with the goopy tar.

Along comes the street sweeper daily, throws all the dirt and stones back on the clean swept sidewalks and this filth is carried back into the house on our good carpets. (What a joke this sweeper is at the taxpayers' expense.)

If you complain, you are told, "All cities have them!" Do any of our governing bodies ever follow it around and observe what it does when it sweeps the streets? You can see the dust flying in the air as the brush revolves and see the debris landing on the sidewalks.

We just had a fall clean up and the scavenger service picked up the refuse from each home.

Come to N. Carlyn Ave. near Hamilton and gaze upon the pile of refuse they scattered all along our avenue as they gathered the refuse from homes.

Dirty trucks loaded with ladders, wheelbarrows, lumber, etc., belonging to outside contractors are packed on the street in front of employees' homes.

What a beautiful sight to behold! One is ashamed to have visitors come to their homes anymore.

Is this Civic Pride, in keeping with the costly and beautiful new City Hall and beautiful PruneYard in Campbell?

It's high time something was done about it. In all the past years we never had road patching jobs leave our streets in so filthy a condition as they have this fall. Let our Governing Body make a trip to N. Carlyn Ave. and observe.

Thanking you,
Sincerely,
V. B. Beckett

DARTING AROUND

with Tom Carroll

Two of our Northern California Darts Assn. pubs got into the swing of San Francisco's British weeks by challenging the crew of the HMS Blake to dart matches. Neither of these pubs is in San Francisco. The English Pub is in Oakland and the Gay 90's Pizza Palace is in Pleasant Hill.

The Gay 90's match was a total of 18 games, 15 singles and three team games. The final score on this tussle was the Gay 90's 12 and the HMS Blake 6.

The English Pub match was contested at 10 games with the Pub winning that go 9-1. The Pub's Joe Dawkins showed the way by hitting 2 - 180's. Pub owner Colin Haughin backed this up with 2 - 140's and Jim Evers popped a 140-out in a 12 dart game. The British Navy had met its match in the NCDA dart players.

WEEKEND TOURNAMENTS

The weekend is loaded with tournaments. The prizes range anywhere from a bottle of wine, six-pack of beer to cash. Friday night starts off with a go at the Diamond Wheel, 805 Lincoln Ave., San Jose. Also on Friday night is a tournament at the Primrose Lanes in Burlingame.

Saturday afternoon sees the action at the Banbury Clock, upstairs in the San Jose Inn, 1860 The Alameda, San Jose. On Saturday evening the action swings to Los Gatos and the Lancashire Lad, 15797 San Jose Ave.

Competition moves to Campbell on Sunday afternoon at the Black Knight, 1781 Winchester Blvd. The Black Knight is also going to run a $400 tournament, Nov. 5, 6 and 7.

Also on Sunday afternoons at 3:30, there is a tournament at the Prince of Wales, 106 E. 25th Ave. in San Mateo. The Prince also features ping-pong games.

A Monday night shoot takes place at the Country Store in Mt. View.

With the regular NCDA competition on Wednesday nights a darter can almost shoot competition darts every night of the week. Getting involved in these weekly tournaments helps improve your game.

MOFFETT FIELD

Gene Downs, manager of the C.P.O. Club at Moffett Field is putting up dart boards and I understand that they have enough interested players for five teams.

At last Wednesday night's joint Captains meeting, Mario Frazier represented the teams and arranged a match with the Primrose Lanes, in Burlingame. We'd like to see more of the teams in the area get into competition with the Moffett Field group.

THE GRAN PLAZA

The Heart of The PruneYard is THE GRAN PLAZA, an expanse of landscaped open space and fountains, reminiscent of the typical Spanish-Mexican Village of old. Each village was built around a large central plaza which was the center of social and commerical activity for that village. In olden times people would come from far and wide to barter, buy and sell goods and services of every nature and description. In addition, the central plaza was the location for all social activities, a place to exchange news, information and ideas on market days.

Tailored and designed after the central plazas of old, The Gran Plaza is a page from the past where people can come to browse, to eat, and to shop for specialty food items, the finest in produce and handcrafted objects of art. Numerous booths will be available throughout The Gran Plaza in a farmers market atmosphere for these purposes.

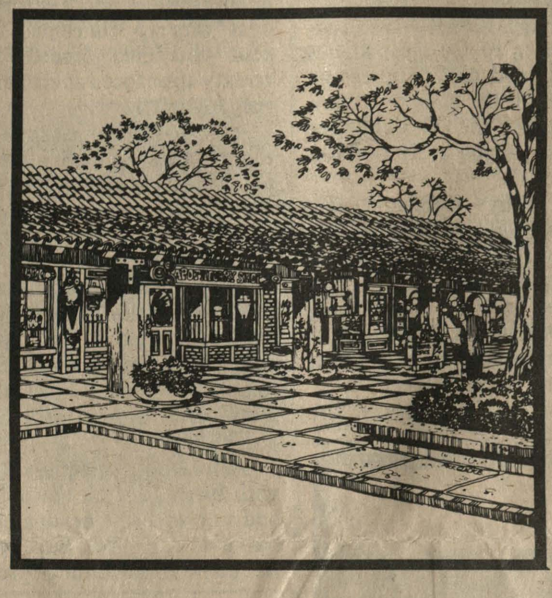
The highlight of The Gran Plaza is a 350 seat outdoor amphitheatre which will be used for all types of public assembly and community services during the warm months, with a special emphasis on entertainment programs to be offered at night under the stars during the summer months. The Gran Plaza then, is the final and finishing touch to the reproduction of an old, quaint and authentic Spanish-American Village, located at the geographic center of greater metropolitan San Jose, for the convenience and patronage cf all Santa Clara County.

MERCADO OLIVERA

WELCOME TO THE MERCADO OLIVERA

The "Mercado Olivera," inspired by internationally famous market places and streets of old Mexico City, is a unique and beautiful extension of Santa Clara Valley's cultural heritage and commercial ties with old Mexico.

As it would have been years ago, the Mercado Olivera is not so much a "place," but an experience; not so much an opportunity to browse through the unique gift and specialty shops, or of sitting in the many outdoor restaurants, or of the opportunity to just wander among outdoor kiosks, as it is a fun-filled, emotional experience. The Mercado Olivera is created here, in the heart of The PruneYard, to provide just such an emotional experience for the people of the Bay Area. The Mercado Olivera is here for your enjoyment and pleasure!



THE TOWERS

THE TOWERS is the immediate answer to the conspicuous absence of prestige office space in the greater San Jose area. The Towers provides the very finest of design and service features in prestige office accommodations. The Towers is an answer now to the crying need for luxury office space, presence and identity in the vibrantly growing Santa Clara Valley.

THE TOWERS provides the unique combination of location with plentiful and easily accessible parking. Parking provided is double the number of parking spaces on the average furnished by comparable facilities. Ease of access from freeways, expressways, and major urban streets makes The Towers readily accessible from the entire greater San Jose Area. Commute time to the site is 10 minutes from most prime residential areas, thereby reducing driving time to and from work and resulting in greater daily productivity and efficiency. The immediate surrounding area for lunching, shopping and browsing provides a break in the daily routine for office occupants and will have a beneficial effect on efficiency. All types of goods and services in this unique atmosphere are available within walking distance.

Letters to the Editor

BOUQUETS

Dear Sir:

I am sure that I join with many other Campbell residents, in appreciation of the fine tribute paid our little City by Attorney Holloway in his recent letter to you, and your publication of same.

As a member of the Board of West Valley Progressive Seniors, let me add that we were very happy to read his favorable comments on our Art Display at Manning's recently, and thank you for letting us have your letter to read to the meeting Sunday and to show the picture of Mrs. Hutchinson's painting on his office wall.

We also greatly appreciate the fine write-up calling attention to our Craft Shop and its operation. I am told that two or three sales were made to persons who said they had read about it in the Press.

Our latest News Letter, Sept. 1971, reports the following services and advice to persons in need of such: Income 3, Health 10, Housing 6, Employment 1, Finances 1, Education 80, Transportation 79.

Please do not feel the need to publish this letter, but you might find a use for the figures named in the last paragraph.

Yours very truly,
Madeline Hanks

BEE-HIVE

Note: We are unaware of what article the writer refers to regarding the keeping of bees but we felt his information regarding the habits of bees might be of interest to our readers. Ed.

Editor of the Campbell Press
Dear Sir:

Your article was not exactly factual regarding my business activities and my intention for future Beekeeping in the Campbell area.

From time to time it is absolutely necessary for me to retain certain Beekeeping equipment or supplies in my yard or garage. I offered to minimize the quantity of empty beehives and I do store hundreds of them elsewhere.

However, one or two empty beehives will attract bees as readily as a hundred empties. There is no existing ordinance that would prohibit me from bringing such items home as is convenient.

My truck has honey drippings on it and it also attracts bees. Any empty coke bottle or ice cream cup likewise attracts bees because of the sugar content of the leftover food.

I did have two hives of bees but I have been syphoning off bees from the area rather than adding to the problem. I have removed dozens of colonies of bees from this immediate area from walls, chimneys and trees. What's more, I don't charge any fee to remove bees from city property. As an additional apology I might add that my fees to remove bees are about half the cost to pay exterminators.

Concerning the boys your article mentioned, that were stung near my residence, may I say that bees range for up to three miles from the hive, be it in a tree, attic, etc. There would be at least 500 colonies of bees within flight range of any home in Campbell that are hived in obscure places. Any swimming pool is a natural watering site for bees, also.

I don't intend to disrupt my business nor pout and cease to answer calls when Campbell people want me to remove their bees. However, why not consider the beneficial aspects of my service?

Sincerely, Irvin Newington, Beekeeper
1122 E. Ridgeley Dr.

WANTS SPAY CLINIC

(Open letter to Board of Supervisors, Santa Clara County).

How long will it go on? HOW LONG?

I refer to the mass killing of dogs and cats, puppies and kittens at the animal shelter. Figures for the kill, published recently, stand at 50,000 annually.

To fully appreciate this perhaps you should visit the animal shelter in person and see them "run off" a few batches. It won't do anything for your sleep at night, but it is guaranteed to help your thinking on the subject.

Add to that figure the number killed under the county "Predatory Animal Control Program," plus the thousands that are abandoned in the cities and countryside, and whose mangled bodies provide gruesome scenery along our roads and freeways, and the total number of surplus pets killed each year reaches agonizing proportions.

The general public, sleeping giant that it is, may not be aware of the tragic and shameful situation, but many INDIVIDUALS are and they are deeply troubled. Their pleas appear in letters-to-the-editors of newspapers pleading for spay clinics where pets may be neutered at prices people can and WILL pay, and in little advertisements in the classified columns begging pet owners to have their pets spayed rather than permit them to add more litters to the staggering surplus.

Some people contribute sums of money, or help in fund-raising projects to support small organizations which subsidize the spaying cost for people who cannot pay the going price.

The county humane society, on the other hand, and the veterinarians, with a few notable exceptions, have taken no real interest in alleviating this tragic problem, for reasons of their own, and have in fact sometimes hindered the efforts of others.

For instance, birth control pills have been promised for years, now, but nothing has come of it and meanwhile the slaughter goes on and the price for spaying goes up, with both the humane society and the veterinarians' association apparently content with the status quo.

Not to be outdone with indifference, the County government, too, has evidenced no concern over these shocking circumstances and has turned deaf ears to concerned citizens who have pleaded for a county-sponsored animal birth control program.

But doesn't it make sense that if the County can set up an Animal Control Department, with a dozen trucks to collect surplus dogs and cats, and can pay the humane society to kill them, then it also has an obligation--moral, fiscal and otherwise--to set up a birth control program to eliminate the need for all that cruel and costly collecting and killing?

Animal control should start with birth control, obviously, and not with the death chamber as it does now. But it will not come about through promises of pills or medical breakthroughs "just around the corner."

Birth control NOW will come about only through a County-sponsored surgical spay clinic, a facility which could eliminate the surplus pet problem with its tragic and shameful consequences, and result in financial savings to the people of this county.

The time is now. I urge your support of such a project--now.

Sincerely,
Rowland Mitchell

QUESTIONS REGULATIONS

Dear Editor,

According to Wilson Riles, state schools chief, the state may tighten regulations over private schools to "protect the educational quality for their estimated 450,000 students."

The audacity of secular state educationists is exceeded only by their unwillingness to tolerate diversity. When parents of close to half million children voluntarily choose to support private alternatives to state schools it must be obvious to anyone that the so-called standards of quality as defined by public education are unacceptable to a growing number of parents.

Obviously private schools have become targets for unprecedented pressure by the forces of statism. The voucher concept which is designed to entice private schools into state conformity, and now the threat of direct state control to accomplish the same ends, will eventually form the pincers to strangle any incentive for private schools. Once the State becomes the exclusive arbiter of education standards, we will have lost one more of our rapidly dwindling freedoms.

Hallowe'en is UNICEF Day

Hallowe'en will have a double significance this year since Ralph Doetsch, mayor, proclaimed Sunday, Oct. 31 "UNICEF DAY" in Campbell.

Trick-or-treaters carrying orange and black cartons stamped with the symbol of a mother and child will visit many Campbell homes, seeking donations for UNICEF, the United Nations Children's Fund.

The only U.S. agency supported by individuals, it was awarded the Nobel Peace Prize in 1965 for benefiting needy mothers and children in over 100 nations.

Money collected from Hallowe'en donations and the sale of UNICEF Christmas cards helps in preventing and treating trachoma, leprosy and tuberculosis, training nurses and in supplying medicine, soap and vitamins for children in underdeveloped countries.

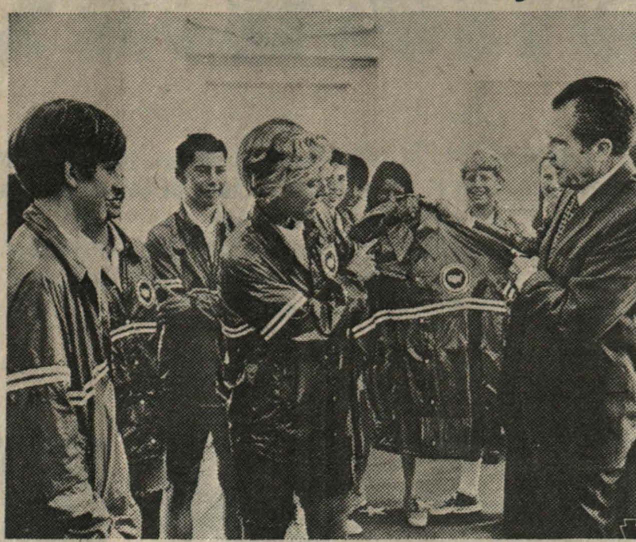
Youth practice for musical

Lively music emanates from the Fireside Room of the Congregational Church, 400 W. Campbell Ave. on Sunday nights from 6:30-8:30 p.m. Each Sunday evening the Youth Fellowship led by Colin Ford, music director, practice for a rock musical they plan to stage early next year.

High school and college students are welcome to the practices.

Another activity the church is looking forward to is a pot-luck dinner followed by the "Fall Congregational Meeting," starting at 6:15 on Monday, Nov. 1.

President Greets Marathon Cyclists



(WASHINGTON, D.C.)—President Nixon accepts a jacket with reflectorized safety stripes from Miss Frances Call, leader of a group of young Seattle, Washington, bicyclists and is made an honorary member of "Cyclemates II". The teenagers recently completed a cross country bike marathon to the nation's Capitol — with the trip highlighted by a visit to the President's office. The President commended the group for having safely negotiated the 3,600-mile route without accident or mishap. He also noted that more than 10,000 pedestrian traffic deaths occur each year due to carelessness on the part of drivers as well as pedestrians. The bright red windbreaker, adorned with Cyclemates patch, features white reflective striping to increase the cyclist's visibility on the road during pre-dawn and dusk hours and on dark days.

The primary objective of the two month trip was to teach the youngsters, who are 14 and 15 years old, responsible and disciplined conduct and to give them a rare opportunity to see the country. The group's appearance on numerous radio and television stations as they crossed the country focused attention on the need for caution on the roadways to reduce the thousands of deaths and injuries which occur each year.

OCTOBER 20:

On this date in 1956, the first Jupiter-C (a 3-stage missile) was launched at Cape Canaveral. It attained an altitude of 680 miles and traveled 3,300 miles.

ROGER GARCIA

Roger Garcia, 19, son of Mr. and Mrs. Robert A. Garcia of 371 N. Milton Ave., lost his four year battle for life last Friday.

Young Garcia was the subject of a front page article in The Campbell Press last February when he and his mother made a trip to England to obtain treatment for Cancer.

Subsequently, the "Roger Garcia Fund" was established at a local bank and a number of activities, principally by young people, contributed to the fund to aid in the family's expenses.

A graduate of Campbell High School, Roger had lost a leg to cancer when he was 15. Cancer later was found in one of his lungs and later in his spine.

His attitude throughout his illness was termed "inspirational" by close friends, but the treatment in London was only a reprieve.

Survivors in addition to his parents are his brother, Mark, and his sisters, Mrs. Marsha Markwalder of Pasadena and Lynn of Campbell.

His grandparents are Mr. and Mrs. L. E. Garcia of San Jose and Mr. and Mrs. Godfrey Baumgartner of Mountain View. He was a native of San Jose.

His family have requested that any memorial contributions be made to the Campbell High School Wrestling Scholarship Fund or to Bethel Assembly of God Church Missionary Fund.

Burial services were private.

RALPH KUGLER

Ralph Kugler, about 82, of 200 Dillon Ave., died of an apparent heart attack last week.

Kugler, a retired railroad worker, had done garden work in this area for many years until ill health forced his retirement.

Well known by residents of the business community, Kugler, took daily walks on downtown streets with the aid of a cane.

His brother Fred, resides in Kansas. His wife died several years ago.

Funeral services were tentatively scheduled to be held in the midwest.

Kugler made his home with Mr. and Mrs. Rufus Leach.

LIFE

The "Light Vibrations," a 60 voice youth choir, will present "Life," a musical by Otis Skillings, at the Saratoga Avenue Baptist Church, 1735 Saratoga Ave. at 7 p.m., Sunday, Oct. 24.

Rev. Harry Twining, pastor, will speak in the 8:30 and 11 a.m. services. Sunday School is at 9:45 a.m. with bus transportation and nursery care.

Size of Lake Berryessa impresses all visitors

BIG is usually the first word that comes to mind when someone is describing Lake Berryessa, says the California State Automobile Association.

Approximately an hour's drive from Sacramento, this waterland of the North Bay Area is more than 25 miles long and three miles wide. With 165 miles of shoreline, Lake Berryessa is the second largest lake in California.

Entirely man-made, the lake was created in 1956 when Monticello Dam was built for irrigation of the central valley. In fact, the water now covers the small town of Monticello, which had to be abandoned.

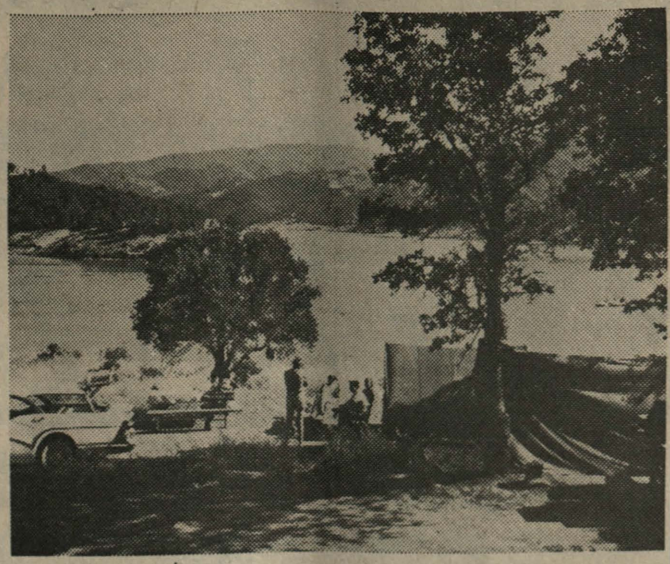
The countryside surrounding the lake is little changed from the time it was a 35,000 acre land grant belonging to Jose and Sixto Berryessa. The only difference is that now the rolling hills and oaks are complemented and mirrored by the clean, blue water of the lake below.

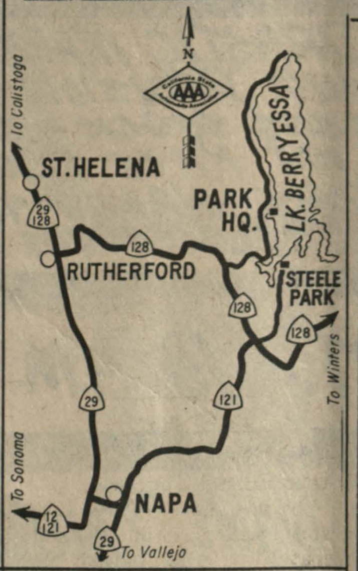
In recent years Berryessa has become quite popular as a vacation spot. A number of resort areas are situated along the one side of the lake where driving is permitted. Motels, campsites, picnicking areas, and hiking trails are all readily available at any time of year.

The most popular sports are water-oriented and include swimming, fishing, boating and water skiing. Fishermen, in fact, will delight in the abundance of bass, trout, blue gills, crappie and catfish. From November to May the Lake Berryessa Chamber of Commerce annually sponsors a Bass and Trout Derby, with prizes given each month.

Not to be overlooked are the many attractions within a brief driving distance from the lake. These include beautiful Mt. St. Helena, the old ghost town of Silverado, and the incomparable Napa Valley vineyards and wineries.

For a relaxed and enjoyable vacation in an unspoiled area, Lake Berryessa is highly recommended. Further information may be obtained by writing the Lake Berryessa Chamber of Commerce, P. O. Box 164, Spanish Flat Station, Napa, Ca. 94558.





COUPONS FOR LIFE---Pat Surrell, left and Maureen McGuire, medical students at West Valley College, bundle Betty Crocker coupons for a kidney dialysis machine. Their goal is to collect 80,000 coupons by mid-December. For kidney patients the dialysis machine means the difference between life and death. Concerned citizens should take the coupons to offices at Campbell or Saratoga campus, of West Valley College, or mail them to the Saratoga Campus, 14000 Fruitdale Ave., in care of Portia Frederick.

CAMPBELL UF DRIVE---Campbell United Fund Commerce & Industry Chairman Joe Geist, assistant manager, Wells Fargo Bank, at podium, announces that Campbell volunteers have hit the 25 per cent mark during the first Central Area Chapter report meeting in San Jose, Thursday (Oct. 14). Local volunteers have $15,173 or their $61,573 pledged thus far with the Chapter at $36.7 per cent. Countywide $1,462,891, 39 per cent, of the Fund's $3.7 million target is pledged.

PEEK-A-BOO! -- John Dok, left, and Mary Sheehan, right, are playing hide-and-go-seek behind the grinning pumpkin scarecrow. Along with Leslie Moore, the enchanting witch in the center, they are advertising the "Great Pumpkin Walk" on Friday, Oct. 22 from 7-9 p.m. at Dover School, 1300 Sheffield Ave. The walk is sponsored by the Dover Home and School Club. Refreshments will be served in the cafeteria, and pumpkin prizes given to the winners.

Telephone Pioneers
60 YEARS OF HUMAN SERVICE

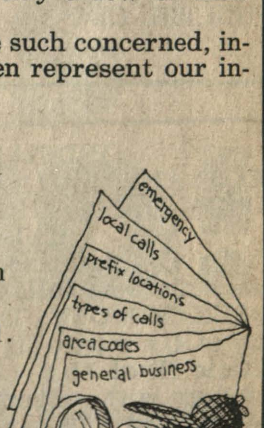
This is the insignia of the Telephone Pioneers of America, 335,000 men and women from the telephone industry who believe that the most meaningful contributions an individual can make to his community are his time and energy.

This month, the Pioneers celebrate 60 years of "human service." In that time, they've worked as hospital volunteers, collected and repaired toys and clothes for needy children and worked extensively with the blind. These are only a few of their contributions.

We're proud to have such concerned, involved men and women represent our industry.

Our Yellow Page Representatives will continue to be calling on local businessmen in the Campbell-Saratoga area until November 11.

These Representatives can show you many ways in which new people can find you fast in the Yellow Pages by letting their fingers do the walking.



Did you know that you can adjust the volume of your telephone's ring? Just turn the phone over and find the adjustment wheel or lever. By turning the wheel or lever in the direction indicated you turn the sound up so it can be heard at quite a distance. If you're in close quarters, turn it the opposite direction, and the ring is hardly more than a purr. On a wall phone, the adjustment lever is either on the side or at the bottom.

This year the Laurel (school's yearbook) has a new advisor, Mrs. Jill Wegner. The other members of the staff are: Sue Linder, editor-in-chief; Sue McClintic, senior editor; Adrianne Dale, junior editor; Betsy Franks, sophomore editor; Vicky Norton, freshman editor; Mike Rexroad, sports; Ken Rubino, photos; Carrie Peyton, honors; and Maryanne Lauderdale, organizations.

The school's campus was opened for lunch last Tuesday, but closed Wednesday. It was closed because of the violation of cars and private property.

The HOPE (Help Our Planet's Environment) organization, advised by Lawrence Flammer, is planning a car pool program. The program will involve some of the faculty and students in exchanging turns driving.

HOPE is thinking of setting up a recycling center. It will be similar to the recycling centers of Prospect and Branham, but will operate monthly instead of weekly. The officers of the club are: Jenny Hughes, president; Jeff Norment, vice-president; and Carol Hopkins. secretary.

Both the C and D Basketball teams got dumped by the Campbell Bucs last week. The C's were beaten by an excruciating score of 53-26. The D's had an equally painful score of 37-36.

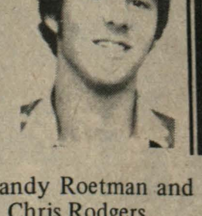
SENIOR ACTIVITIES

The West Valley Progressive Seniors no longer lack transportation since Ernie Mack is driving the mini-bus again, along with Agnes Bring.

Twenty of the seniors attended the Adult Forum Luncheon held at the Sacred Heart Church. Irma Reese, director, sold tickets for the luncheon.

Coming events for the seniors are a dance program directed by Isabel Klose and a Carribbean travelogue narrated by Millicent Links.

Cougars Corner



By Chris Rodgers

FOOTBALL

Camden stomped Blackford 37 to 7 at Blackford on Oct. 8. Dan Durbin scored twice for the Cougars on runs of one and 64 yards. The "Baby" Cougars fell to Branham 14-0 last Thursday.

Randy Roetman is also starring in the play "Norman Is That You" which is playing at the Montgomery Theater.

JUNIORS

The magazine sale is over and the Juniors are still $3,000 short of their goal. (The class of '72 missed their goal last year by a mere $500, as they brought in $7,500.

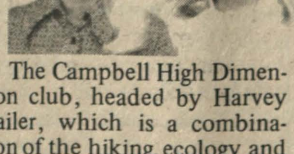
Campbell Capers



by Jeanie Harris and Doreen Henner

The Campbell High Dimension club, headed by Harvey Hailer, which is a combination of the hiking, ecology and science clubs, is just one of the many new clubs this year at Campbell.

The Dimension club is planning an overnight camping and hiking trip. Ten students will make the trip, along with a group of faculty advisors to Los Padres National Forest.

Another new club this year is the Language club, which is headed by Howard Allen. This club is to help students who have questions about different languages, and to discuss various aspects of linguistics. There is also the Industrial Arts club, whose advisor is Elgar Lockhart.

Thursday, October 14, the C&D basketball teams played Del Mar. At half time the D's were ahead by 20 points and ended up winning by only one point with the final score of 37-36.

"All I can say is we won the game and that's what counts," stated D coach Chuck Edmonds. They had a lot of mental errors and won the game at the foul line. The "C's" came through again beating the Del Mar Don's with a score of 52-28.

Also, don't forget that PTA Back to School Night is tonight (Wednesday).

New Books BOOKS at Campbell Library

THE COUGAR DOESN'T LIVE HERE ANY MORE, by Lorus and Margery Milne. (591.042)
As the ruling environmental factor, man must choose whether he will enter the next century in the company of a diverse companionship of animals or with the few tough critters that can get along without help from him. What will the decision be?

MANY BROKEN HAMMERS, by Kelly Covin. (Fiction)
Conflict between official allegiance and private sympathy is the focus of this novel of a county sheriff caught up in a peoples' revolution led by a Cesar Chavez-like hero. Public power seekers and gun-carrying landowners soon precipitate violence from peaceful protest, forcing the sheriff to take a stand.

MARGARET AND I, by Kate Wilhelm, (Fiction)
A psychological thriller that probes the borderline between conscious and subconsciousness. Margaret visits an aunt's coastal cottage to rest and decide what to do about her disastrous marriage. Rest is the last thing she gets as strange dreams, visions, and mysterious scientists force her to the edge of insanity.

PIKE'S PEAK, by Frank Waters. (Fiction)
Saga of the Rogiers family, living at the foot of the mountain from the 1870's through a world war and depression. The focus is on Joseph Rogiers, who is driven by an obsessive need to find the gold "bloodstream" hidden in the mountain's depths.

The impact of television on today's children, and what parents can do about it.

HOT SPRINGS; THE TRUE ADVENTURES OF THE FIRST NEW YORK JEWISH INTELLECTUAL IN THE HUMAN POTENTIAL MOVEMENT, by Stuart Miller. (818.5403)
The East Coast meets Esalen---an inside look at the encounter group scene.

CHILDREN'S BOOKS

ALTOGETHER, ONE AT A TIME, by E. L. Konigsburg
Four short stories for either boys or girls by the author of Jennifer, Hecate, Macbeth, William McKinley and Me, Elizabeth, and From the Mixed-up Files of Mrs. Basil E. Frankweiler. My favorite story in this book is "Camp Fat". Read them all and decide which one you like best. This is a nice "thin" book in case you have to do a book report!

ARE YOU THERE GOD? IT'S ME, MARGARET, by J. Blume
If you are 12 years old you're lucky--this book was written especially for you. It's all about growing up, being a girl, finding out about boys, etc. If you're older you can still enjoy it and I don't think anyone can read it without laughing out loud. Try it!

A SHIELD OF CLOVER, by P. S. Curry.
This one is especially for boys to read and enjoy. The main character is a 17 year old running away from an impossible situation. His summer job, on a ranch in Wyoming, is a combination of good and bad happenings and a lot of hard work. An interesting short (120 page) book with a satisfactory ending.

ENCHANTRESS FROM THE STARS, by S. Engdahl.
Attention Science Fiction Fans! This one is for you. The time is many years in the future--war has been done away with; but still all is not right with the world. If you read and enjoyed the books by John Christopher (The White Mountains, City of Gold and Lead, and Pool of Fire) and are now ready for some more advanced reading, come in and try this runner-up for the Newberry Award. It's a long one-275 pages.

Steam train runs for kids

On Thursday, Oct. 28 the Billy Jones Wildcat Railroad and Los Gatos Park will be a hive of activity with school kids from Palo Alto to Morgan Hill coming to ride the child-size, narrow-gauge train.

The steam train, which usually runs from 11-5:30 on Saturdays, Sundays and holidays will whirl carloads of kids from the quaint yellow station. Their journey will take them over a bridge and through the hollyoaks along a mile circular track.

Volunteer engineers will run the train and show the children through the roundhouse, coach sheds, and engine maintenance facilities.

They will also be treated to lessons and demonstrations in safety, ecology and tree planting by employees of the Los Gatos Parks Department.

The train was built in the 1940's by Billy Jones, an imaginative railroad engineer who ran the train for children on his prune ranch until his death in 1968.

After Jones' death interested citizens formed the non-profit, Billy Jones Wildcat Railroad Corp., acquiring the narrow gauge train and reassembling it in Vasona and Oak Meadow Parks.

ALL ABOARD? --- Engineers Bill Ulleseit, in the cab, and Al Smith of the Billy Jones Wildcat Railroad talk to a crowd of kids at the train station in Oak Meadow Park in Los Gatos. On Thursday, Oct. 28 volunteers for the Wildcat Railroad will host the school children of Santa Clara County for its second annual "one-day outdoor school house." Part of the fun will be a ride in the tiny steam train from Oak Meadow Park to the adjoining Vasona Lake Park and back.

Fall recipes

Newton Pippin apples, green with a marroon blush around the stem end make up for their color with a juicy tart-sweet flavor and crisp texture.

Pippin apples are versatile and good keepers if stored in a cool, dry, well-ventilated place.

Since they keep their shape baked, pippins are a natural for baking.

BAKED APPLES CANTON

Two baking apples; One tablespoon chopped almonds; One tablespoon chopped dates; Two teaspoons chopped candied ginger; One-third cup light corn syrup; One-eighth teaspoon powdered ginger.

Wash apples and core them almost through. Pare them about a third of the way down from the stem end. Mix nuts, dates and ginger; fill apple cavities with mixture and put apples in small baking pan. Mix syrup and ginger; simmer for five minutes, then spread mixture over tops of apples. Add enough boiling water to baking pan to just cover the bottom. Bake apples in 350 degree oven for about forty minutes (basting often) until tender. Serve warm or cold. Makes two servings.

Campbell High wins again

by Doreen Henner
and Jeanie Harris

Campbell's great defense again showed it's colors as the Buccaneers continued their winning streak by beating Del Mar on Saturday, Oct. 16 with a score of 13-0.

Campbell had two long scoring drives of 80 and 89 yards. Steve Davis again led the Buc's ground game with 148 yards on 25 carries. Kelly Davis scored both touchdowns with one yard lunges. Good use was made of Campbell's passing game as quarterback Steve Garrido completed 14 out of 18 passes for 160 yards. Thurl Noonkester and Pat Rodda led Campbell's pass receivers with four catches apiece.

In the fourth quarter with the Buc's leading 6-0 the defense came through when they stopped Del Mar, who had driven down to the Campbell 20 yard line. The Buc offense then drove 80 yards for the score to make it 13-0.

The Buccaneers will be up against the Saratoga Falcons on Friday, Oct. 23 at 3:30 on Campbell's turf.

The Wage-Price Freeze
Questions and Answers

This column of questions and answers on the Wage and Price Freeze is provided by the local office of the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Wage and Price Freeze announced August 15 by President Nixon.

Q - During the first week of August, my union reached agreement with my employer on a new contract giving me a wage increase. However, the agreement has yet to go into effect. Can I still get the additional wages?

A - The new rate can be paid if labor and management had reached an agreement and work was performed or wages accrued prior to August 15 at the new wage rate.

Q - Does the Internal Revenue Service have any publications giving information on the freeze?

A - Yes. Copies of "The Wage-Price Freeze: Some Questions and Answers" can be obtained without charge by dropping a postcard to your IRS District office. The booklet is also available at many post offices throughout the country and from the 10 Emergency Preparedness Regional Offices.

Q - My apartment lease specifically provides for me to pay for any increases in property taxes. Can my landlord now raise rent on the basis of a property tax increase?

A - No. This is not permitted during the freeze.

Q - My employer hired me on a probationary basis. The established practice of the company is to increase wage rates at the end of the probationary period. My probationary period ends in two weeks. Can I still receive a wage increase?

A - Yes. The probationary period is similar to an apprenticeship or learners' program and the wage increase may be granted if the probationary period for the job does not exceed three months.

Q - Can a landlord evict a tenant for refusing to pay a rent increase during the freeze?

A - No. A landlord is in violation of the freeze if he attempts to evict a tenant for refusal to pay rent in excess of the ceiling rent applicable to his rental apartment or house.

A tenant threatened with eviction over an increase in rent during the freeze should immediately consult the International Revenue Service. The IRS has 360 offices throughout the country to investigate complaints and provide information about the freeze.

Q - Does the price freeze mean an end of special sales or reductions in prices?

A - No. The freeze simply sets a ceiling. Normal clearance sales and price reductions can take place.

Q - Are advance ticket sales for sporting events occurring during the freeze covered by the President's order?

A - Yes.

Q - Can insurance rates be increased during the freeze?

A - No. The freeze applies to insurance rates. However, if a rate increase was announced before August 15 and a substantial number of transactions occurred at the increased rate, the increase becomes the established rate. No additional rate increases are permitted during the freeze.
